25 February 2019

Dear Mr. Wong,

Leadership in H/GLTMS

The joint letter of 29/1/2019 from Hong Kong Government Landscape Architects Association and Hong Kong Chinese Civil Servants' Association (Landscape Architects Branch) to you copied to me and others in respect of the captioned issue refers. I write to express my full agreement to the various points highlighted therein regarding the recruitment of the Head/Greening, Landscape and Tree Management Section. The frequent personnel changes for the post concerned in the past few years are most undesirable, and such would no doubt result in adverse impacts on the formulation and implementation of a quality, green and sustainable living environment policies in Hong Kong. To this I fully agree that candidates lacking adequate local experiences and unfamiliar with the local public administrative procedures and government structure would certainly, to a great extent affecting the performance of the candidate. Therefore, I urge the grade management to review the recruitment approach of the post and to take into account the points raised by two associations.

Yours sincerely,

Tony Tse Wai Chuen, BBS
Legislative Council Member
Architectural, Surveying, Planning and Landscape FC
