

AECOM is built to deliver a better world. We design, build, finance and operate infrastructure assets for governments, businesses and organizations. As a fully integrated firm, we connect knowledge and experience across our global network of experts to help clients solve their most complex challenges. From high-performance buildings and infrastructure, to resilient communities and environments, to stable and secure nations, our work is transformative, differentiated and vital. A Fortune 500 firm, AECOM had revenue of approximately \$20.2 billion during fiscal year 2018. See how we deliver what others can only imagine at aecom.com and [@AECOM](https://www.instagram.com/AECOM). We help shape the world around us — from high-rise buildings to educational, cultural, research and transportation facilities. Our design process is based on energy-efficient building systems, and an appropriate selection of materials and form to maximize environmental conditions and long-term performance.

Our professionals specialize in design, master planning, environmental and ecological planning, strategic planning and economic development. We create implementable solutions that promote sustainable land use and enhance quality of life.
